LIVING A LIFE OF JOY: CONTAGIOUS JOY

Joy is contagious! My joy can _____ you and your joy can _____ me!

In order to have contagious joy, we must…

1. Know Jesus and be _____ in our relationship with Him!

2. Have the proper _____ on our current circumstances! (v.12) (Romans 1:9-15; Acts 28:16; 30-31; Acts 20:24)

Paul was exactly where God wanted Him to be to advance the gospel, even if it wasn't the way he would have _____ to get there!

Paul's joy despite his circumstances lead to…

A) Many people being _____ to Jesus! (v.13)

There is no doubt many of the guards were placed there by God to hear the gospel and get _____ to Jesus!

Paul was right where _____ wanted him to be and the guards were as well! (Philippians 4:22)

B) Those already connected will Jesus to _____ in their relationship with Him! (v.14)

Not only did Paul's joy despite his circumstances affect those who did not know Jesus, it also _____ those who did!

So, here's the question for all of us…Is our joy contagious?!

The key for Paul was just trying to live like _____!

(1 Corinthians 11:1)

One of the best ways to ensure this is happening in your life is to be in the Word of God _____! It is a daily source of joy as you read of the _____ of God's people! (Romans 15:4)
